Subject: 1174 Charcoal Ignition Product Approval (Product Reference No. C208-A07).

Dear Mr. Lui,

The South Coast Air Quality Management District (SCAQMD) is pleased to inform you that your company's product "2.5 lb Just-Light-the-Bag" charcoal has been approved. The SCAQMD reference number, C208-A07, is required to be displayed on the label of the approved product in the following format: "This product complies with South Coast Air Quality Management District Rule 1174, Ref. C208-A07".

Being approved, the bag light product may be distributed and sold, as a complying product, in the South Coast Air Basin. The basis for the approval is as follows:

1. Evaluation and approval of the certification testing conducted by Horizon Air Measurement Services and reported in document B21-002-FR that was submitted by you on April 30, 2007 demonstrating VOC emissions resulting from the ignition of the light the bag product was equal to 0.02 pounds of VOC per start when tested according to the Rule 1174 protocol.
2. The product's formulation will not change from the formulation at the time of certification.

Mr. Herbert Lui

This approval is subject to revocation should the SCAQMD find that:

1. The formulation of the named product differs from the original SCAQMD approved product formulation.
2. Random testing of samples of the named product, taken from points of sale or distribution within areas subject to SCAQMD regulations, demonstrates that the product does not comply with the emission limits of Rule 1174 when tested according to the SCAQMD protocol.
3. The lighting instructions do not follow the product use as outlined in the test submitted for evaluation.

If you have any questions regarding the approval of your company's product, please call (909) 396-2321, or write to:
